Global investment into women led companies has reached an all time low during 2020. We are seeing many innovative ideas come out of developing nations across the globe that deserve more visibility and connectivity with qualified investors and partners who can help them grow and scale. Amplifying Her Voice will serve as a global platform that will bring such stakeholders together from within Women Investing in Women Digital's virtual tribe to a broader global community of women entrepreneurs, investors, technologists, and industry professionals to accelerate both communication and unprecedented digital connectivity. This Roundtable will be the beginning of a series of conversations where professionals from within the global innovation ecosystem may listen, learn, and share best practices with the global women's entrepreneurship ecosystem where our global network of women investors and philanthropists will be invited. Your will have the opportunity to share your CALEs to Action from local, regional, and global standpoints that will hopefully be a starting for deeper conversations and partnerships leading to change, investment, impact, and transformation.

About Amplifying Her Voice (June 22-24, 2021):

We brought together thousands of women from around the globe for International Women's Day. We have learned from mothers around the world this Mother's Day. And this June 22 to 24, in honor of this Father's Day, we're inviting you to join us for the Amplifying Her Voice Father's Day "Stronger Together" Summit as we join forces with the fathers speaking up and fighting for gender equity, safety for all, full economic participation for everyone, and more—all while raising the next generation of empowered, ambitious, equality-focused young people.

Hear from the dads in our lives about gender roles, supporting children's gender expression, confidence, independence, the role of feminism in fatherhood and in men's lives, the importance and challenge of being allies to girls and women, navigating masculinity, mental health, preventing violence, fulfillment as fathers, supporting their partners, encouraging girls (and children of any gender) to pursue their dreams, the experiences of sons and daughters, and more.

The State of Women is an inclusive and gender-affirming organization. Amplifying Her Voice "Stronger Together" is in honor of Father's Day, but we welcome all voices. As a women's organization, our primary focus is on issues that affect women—including cisgender, transgender, nonbinary, genderqueer, genderfluid, and agender people. We welcome this opportunity to join together in conversation as we all learn how we can help one another feel truly heard, seen, understood, empowered—and amplified.

Each paid "Investing in Women" ticket supports 500 women to attend for FREE! We have 50+ countries represented so far and are looking forward to having a truly inclusive event for people of all genders, backgrounds, and experiences to learn and grow together. EVERYONE is welcome to listen, connect, and learn from our allies in the fight for gender equality. We never want cost to be prohibitive for any of our events or initiatives, if anyone is not able to afford a ticket, please email ily@thestateofwomen.org. All sessions will be recorded and shared free of charge post event.

Global investment into women led companies has reached an all time low during 2020. We are seeing many innovative ideas come out of developing nations across the globe that deserve more visibility and connectivity with qualified investors and partners who can help them grow and scale. Amplifying Her Voice will serve as a global platform that will bring such stakeholders together from within Women Investing in Women Digital's virtual tribe to a broader global community of women entrepreneurs, investors, technologies, and industry professionals to accelerate both communication and unprecedented digital connectivity. This Roundtable will be the beginning of a series of conversations where professionals from within the global innovation ecosystem may listen, learn, and share best practices with the global women's entrepreneurship ecosystem where our global network of women investors and philanthropists will be invited. You will have the opportunity to share your CALL's to Action from local, regional, and global standpoints that will hopefully be a starting for deeper conversations and partnerships leading to change, investment, impact, and transformation.

About Amplifying Her Voice (June 22-24, 2021).

We brought together thousands of women from around the globe for International Women's Day. We have learned from mothers around the world this Mother's Day. And this June 22 to 24, in honor of this Father's Day, we're inviting you to join us for the Amplifying Her Voice Father's Day "Stronger Together" Summit as we join forces with the fathers speaking up and fighting for gender equity, safety for all, full economic participation for everyone, and more—all while raising the next generation of empowered, ambitious, equality-focused young people.

Hear from the dads in our lives about gender roles, supporting children's gender expression, confidence, independence, the role of feminism in fatherhood and in men's lives, the importance and challenge of being allies to girls and women, navigating masculinity, mental health, preventing violence, fulfillment as fathers, supporting their partners, encouraging girls (and children of any gender) to pursue their dreams, the experiences of sons and daughters, and more.

Global investment into women led companies has reached an all time low during 2020. We are seeing many innovative ideas come out of developing nations across the globe that deserve more visibility and connectivity with qualified investors and partners who can help them grow and scale. Amplifying Her Voice will serve as a global platform that will bring such stakeholders together from within Women Investing in Women Digital's virtual tribe to a broader global community of women entrepreneurs, investors, technologies, and industry professionals to accelerate both communication and unprecedented digital connectivity. This Roundtable will be the beginning of a series of conversations where professionals from within the global innovation ecosystem may listen, learn, and share best practices with the global women's entrepreneurship ecosystem where our global network of women investors and philanthropists will be invited. You will have the opportunity to share your CALL's to Action from local, regional, and global standpoints that will hopefully be a starting for deeper conversations and partnerships leading to change, investment, impact, and transformation.

About Amplifying Her Voice (June 22-24, 2021):

We brought together thousands of women from around the globe for International Women's Day. We have learned from mothers around the world this Mother's Day. And this June 22 to 24, in honor of this Father's Day, we're inviting you to join us for the Amplifying Her Voice Father's Day "Stronger Together" Summit as we join forces with the fathers speaking up and fighting for gender equity, safety for all, full economic participation for everyone, and more—all while raising the next generation of empowered, ambitious, equality-focused young people.

Hear from the dads in our lives about gender roles, supporting children's gender expression, confidence, independence, the role of feminism in fatherhood and in men's lives, the importance and challenge of being allies to girls and women, navigating masculinity, mental health, preventing violence, fulfillment as fathers, supporting their partners, encouraging girls (and children of any gender) to pursue their dreams, the experiences of sons and daughters, and more.

The State of Women is an inclusive and gender-affirming organization. Amplify Her Voice "Stronger Together" is in honor of Father's Day, but we welcome

The State of Women is an inclusive and gender-affirming organization. Amplifying Her Voice "Stronger Together" is in honor of Father's Day, but we welcome all voices. As a women's organization, our primary focus is on issues that affect women—including cisgender, transgender, nonbinary, genderqueer, genderfluid, and agender people. We welcome this opportunity to join together in conversation as we all learn now we can help one another feel truly heard, seen, understood, empowered—and amplified.
